

May 11, 2020

Good morning. It is hard to believe we only have 18 days left in this school year (counting today). We have been remotely teaching via Distance Learning for 34 days! You all are rock stars for what you do, seriously. All CVUSD employees are rock stars, as a matter of fact. This is not something we chose, or even expected, but we are making it work the best we can!

By now you should have seen the checkout form approved for this year only. Site admin should be getting a sign-up out to everyone, as it takes some planning to make sure we don't have too many people at the site at once. If you haven't heard about it, contact your admin. When you do visit your site to complete your checkout, you should have very limited contact with anyone else. You likely can go straight from your car, to your room, and back to your car, as most of the requirements are confined to items in your classroom.

As I mentioned before, I am in constant contact with CTA and District leadership, and while we have started to discuss what next year *may* look like, we can't plan anything specific. There have been no directives given yet beyond June 19th for schools, so we need to wait a bit. I have been getting questions about this several times a day, so I wanted to make it clear here that we don't yet know what the 20/21 school year will look like. We can assume it will be different than usual, but that's about it for now. As soon as we do know something, it will certainly be shared with everyone. Your health and safety, as well as that of our students and other employees, will certainly be a priority!

#### Distance Learning Participation Report

On Thursday, 5/7/2020, you should have received an email from Norma Rodriguez. Many of you have asked, and yes, it is a requirement for you to do each Friday. That is only three more times before the end of the year. Please check your "Clutter" file in your CVUSD email, as it seems for some people it went right to Clutter. (Side note - many teachers have reported student emails from Google Classroom are also going into Clutter. It may be a good idea to check it every now and then.)

#### Site Reps for 20/21

The ballot process can be waived when there are nominations equal to or less than the number of reps needed, and this was the case at all sites. These people have been elected with the ballot process waived. You can see there are several vacancies, which means your site will not have a direct voice in the decisions made at meetings. Thank you to those who stepped up to take on this extra, but extremely important, responsibility! (The number or reps needed at a couple of sites may change depending on staffing in the next school year. It is one rep for up to 25 teachers, 2 reps for 26-50 teachers, 3 reps for 51-75, etc.)
