## Greetings!

Good morning! I hope you had a great weekend and are looking forward to an excellent week with our students!

We have two meeting options for you to get more information about the Hybrid MOU prior to voting next week. There is also a School Board meeting this week, where they will discuss a possible return to in-person instruction on April 19th. Be sure to attend these meetings if you would like the information first-hand.

Middle School and High School conferences this week...remember Wednesday is your minimum day and you will have no District PD. Other times adjusted so you are done two hours early.

## Hybrid MOU Informational Meetings

You will be able to choose from two informational meetings about the Hybrid MOU (please choose only one so everyone has an opportunity to attend). We realize that High School conferences conflict with the first meeting date which is why we have offered two dates to choose from.

Our team will go through the MOU section by section and allow questions prior to moving to the next section. **We ask that you take the time to read the MOU before attending one of these sessions so you can be prepared with questions. Please be on time to the meeting because we will not be able to go back to previous sections you may have missed before joining.**

### CVUSD School Board Meeting 3/25/21

There is a CVUSD School Board Meeting this week, on Thursday 3/25/21. Closed Session begins at 5:30 p.m. and Open Session usually begins around 6:30 p.m. [You can join the meeting here.](#)[You can submit comments prior to the meeting here.](#)

### Upcoming CTA Conferences

Right now, CTA conferences are virtual, free to members, and they will even pay for your university credit if you need units! Don't miss out on this opportunity! Here is what's coming up:

### Hybrid Prep Site Visits

I continue to make site visits to see the classroom and school site set ups for teaching in person. The number one concern we have is that all safety guidelines will be followed in the Hybrid Model, so I will be looking specifically for what the School Board has been told is happening at sites in preparation. This includes the plexiglass barriers, the air filtration, the distance between students as well as students from teacher, sanitizing stations, one way path markings, etc. Each week I will give an update about what I've seen. We do recognize that it is nearly impossible to be fully set up not knowing yet which teachers will remain in Distance Learning and which will return to in-person instruction, so we are looking for sample classrooms planned at various grade levels.

- ECE - Visited an ECE class at JK. My main concerns were the tables being used for students, and placement of the teacher desk (the setup did not seem to follow the guidance). The guidance is still coming in for these classes, so it's hard to be sure we are prepared for Hybrid at this level.
