

July 7, 2020

Good afternoon. We hope you are all doing well and staying healthy and safe. We are certainly living in unprecedented times, and because of that we'd like to share the following statement with each of you:

CVTA stands in solidarity with all communities of color, and our actions as educators should be reflective of uplifting positive educational approaches and values. In these divisive times, the health of our community is paramount, and incidents of racial prejudice have no place in our district or communities. CVTA continues to work against any racism, bigotry, misogyny, homophobia, or hate which may arise in our schools and communities.

CVTA will continue to seek out ways we can work with CVUSD to provide and support professional development opportunities around transformational learning, restorative practices, and social justice. We have a responsibility as educators to uplift our students while promoting a safe and hate free environment.

CTA has some excellent resources where you can learn more or find resources to share with others. The link below will take you to their webpage and resources.

Thank you for all you do.
